SCHOOL ACCESSIBILITY POLICY – October 2025

INTRODUCTION

This policy is compliant with current legislation as specified in Schedule 10 of the Equality Act 2010, and the document 'The Equality Act 2010 and schools: Departmental advice for school leaders, school staff, governing bodies and local authorities' issued by the DFE in May 2014. The Avon Valley School recognises that disability discrimination duties and planning duties are owed to all pupils who are defined by the Equality Act 2010 as being disabled. The Equalities Act defines a disabled person as someone who has: 'a physical or mental impairment which has a substantial and long-term adverse effect on his or her ability to carry out normal day-to-day activities'.

OBJECTIVES

This policy sets out the proposals of The Avon Valley School to address inclusion and increase access to education for all pupils and for disabled pupils in the three areas required by the planning duties of the Equalities Act, within a mainstream educational environment:

• Explore ways to enhance/modify/develop the school premises to increase the extent to which the needs of all pupils can be supported and met in a mainstream school.

• Explore ways to increase the extent to which disabled pupils can participate in the school curriculum.

• Explore methods that would improve the delivery of information to disabled pupils, which is provided in writing for pupils who are not disabled. Warwickshire County Council is aware of the requirement for the school's accessibility plan to be resourced, implemented, reviewed and revised as necessary.

PRINCIPLES

1. Compliance with the Equality Act is consistent with the School's policies and procedures and Governors and Staff will have regard for its aims and above objectives when carrying out their duties.

2. The School will therefore endeavour to not treat disabled persons less favourably; and take reasonable steps to avoid putting disabled persons at a substantial disadvantage because of their disability.

3. School leaders will reflect the anticipated and actual needs of the School's community in its broadest definition and the needs will be ascertained through discussion with the School's SENCO and lead for Inclusion.

4. The School recognises that disabled individuals, parents of disabled pupils and voluntary organisations working with the disabled will have knowledge and experience that can help inform the School's actions.

5. The School will continue to seek the advice of LA services, such as specialist teacher advisors and SEN inspectors/advisors, and of appropriate health professionals.

REVIEW

This policy will be reviewed every three years.
